Date: 10/09/2021

Chair: Imad Alihodzic

Participants: David Ferm, Anders Olofson, Samuel Karlson,
Your faithful author

Objectives (5 min)

- Resolve any issues preventing the team from continuing.
- Short clear descriptions.

N/A. More user stories required. Decided on library, need to get acquainted with how the library works.

Reports (15 min) from previous meeting

- Each group member reports outcome of assigned issues, see also 'outcomes and assignments'.

Imad: How to actually create the level, which libraries to use

David: Wrote protocol, discussed with group about where the project is headed.

Olof: Same as above.

Samuel: Same as above.

Discussion items (35 min)

- Discuss the identified issues, and possibly new or more general issues (very short notes and/or keywords).

More user stories on the basic functions of the program. First runnable version. Identify what components are needed and identify the main area of concern for each person.

UML / Domain Model (see example on canvas).

Börja med RAD

Outcomes and assignments (5 min)

- Outcomes from discussion items. Write down what's decided and why it was decided. Sync with other documentation (add terms to wordbook).

See above + mötesprotokol 09/09/2021

- (re)Assign to each group member which issues to solve.

tIn earlier stages of development it is better for all to work together as it is difficult to delegate when the tasks are smaller.

Wrap up

- Write down any unresolved issues for next meeting.
- Decide a time and location for next meeting.
